Moving from Fear... to Ferocity in Math

SEPTEMBER 2011

VOLUME 4, NUMBER 2

Tutoring

The 5th Fun, Interactive Math Workshop was held on Saturday, September 10, 2011 from 1:00 pm – 2:00 pm at the Centerville Community Center located at 3025 Bethany Church Rd. in Snellville, GA.

Exam Preparation

Students interactively participated in a workshop to enrich their skills in fractions, decimals and word problems. The problems demonstrated how math is used in every day life. After the workshop, students were given an evaluation to test their proficiency in these areas. Armed with the results of the evaluation, parents were empowered with the knowledge of their children's strengths and areas for improvement in math.

Summer Enrichment Programs

Students were presented with an autographed copy of Math 1 On 1, LLC's publication entitled "How to Help Parents and Kids Get Over the Fear of Math" signed by the author and presenter of the workshop The Math Lady ®, Sandra Carter. The book was used as a teaching tool in the workshop.

Fun Interactive Workshops

Students from the following Atlanta and surrounding area schools were in attendance:

Richard Hull Middle School
Stephenson Middle School
Dacula Middle School
Duluth High School
Robert Shaw Theme School
Partee Elementary School
South Gwinnett High School

"How to Help Parents and Kids Get Over the Fear of Math"

Many parents and students had this to say about the book "How to Help Parents and Kids Get Over the Fear of Math"
"It will help my son to have a better understanding of word problems."
"If I don't know how to do a problem, I will refer to the book."
"It helped a lot with problems and showed me a simpler way to do them."
